

MESSAGE FROM WCBC REGARDING SCHOOL TRANSPORT

Home to School Transport

Please be advised that as from Monday 30th March, home to school transport will be suspended across the County Borough. This will be to ensure social distancing of children and to minimise travel. The take up for home to school transport this week has been extremely low and this contributes to the decision to cease the provision. SEN home to school transport will continue for individuals travelling to their usual facilities if they are eligible as a child of a defined key worker or vulnerable pupil.
