Welcome Croeso

To Year 9 Pupils

January 2026

Next term you will be finishing your Year 9 courses. The work that you have completed will be assessed and you will receive feedback from your teachers on how you have performed.

It is important that you should now consider carefully the next stage in your education. It is necessary for you to choose option subjects which you will study in Years 10 and 11, in most cases to GCSE level. In making these decisions you need to:

- consider carefully the subjects which you have enjoyed during years 7, 8 and 9 and feel confident in studying. Your latest assessments, together with your Year 9 report, should help you to decide this.
- ensure that you have made a balanced choice and have included a broad range of subjects.
- take account of any career ideas which you may have.

Please do not choose subjects for the wrong reasons:

- you like (or dislike) a particular teacher - you may have different teachers in Years 10 and 11.
- your friends have chosen a particular subject - what is right for them may not be right for you; in any case, you may find yourself in a different class to your friend.

This booklet is intended to provide guidance for you and your parents to ensure that you enjoy your final 5½ terms as a pupil in Bryn Alyn and fulfil your potential in the examinations and assessments.

As well as reading this booklet carefully, please:

- ask advice from your parents and any elder brothers / sisters / friends.
- speak with your teachers - your subject teachers and teachers of subjects which are only offered in Years 10 and 11 will be pleased to provide you with information and advice.
- attend the virtual Year 9 Parents / Options Information Evening, to be held on: **Wednesday 4th February**, commencing at 3.30pm.

Having considered your choices carefully, I am confident that you will enjoy the next stage in your studies and achieve creditable results in the assessments. The effort that you invest in your courses over the next two years will lay the foundations for your future education and career.

Mrs A. Slinn

Headteacher

**“I can never thank this school
enough for the fantastic opportuni-
ties it has given me”**

FORMER PUPIL

Questions

Is there anyone I can ask?

Yes. The subject teachers will be willing to explain the examination courses to you. Mr. Mannion and Mandy Williams, the School's Career Advisor can advise you about Careers and Further Education.

Would my parents be able to phone / come into school to talk to someone?

Of course they can. They are advised to telephone the General Office, (Wrexham 720700) who will arrange for them to talk to Mr. Cris Hughes, Head of Year 9.

How soon must I make up my mind?

We hope that pupils will have made up their minds by the end of the Spring Term. Details will be sent to parents via online and / or paper communication.

What if I change my mind?

We cannot guarantee to accommodate pupils who wish to change their subject choices. It is essential that you choose your subject choices wisely and get it right! Changing subject choices in Yr10 will be very difficult.

Is there anything I could do to help me make the subject choices?

Yes, plenty. Here are a few:-

- (a) Look at [Careers Wales | Careers Wales \(gov.wales\)](https://careers.wales/) for information.
- (b) Look at the resources in the Careers Library.
- (c) Speak to Mandy Williams the Careers Adviser.
- (d) All local colleges have a prospectus which would be worth looking at
- [14-19 Network - Coleg Cambria](https://14-19-network.colegcambria.ac.uk/)

What if I want to go on to study A-Levels?

To access A-Level courses you will need to achieve a minimum of 5A*- C grades at GCSE. To follow many A-Level courses you will need to achieve at least a B grade in your chosen subject.

Questions continued

Will I be allowed to take the subjects of my choice?

We will do our best to enable you to study the subjects of your choice, but in some cases, this might be difficult. We have a system where pupils can select 3 subjects from 3 fixed columns. Pupils will be strongly advised to select from certain subjects based on your ability and prior attainment.

You may have to be disappointed for any of the reasons given below:

- (a) The subject you might choose may have to be cancelled if the number of pupils opting for it is very low.
- (b) The subject of your choice is 'full', i.e. no more pupils can be admitted into the class.
- (c) The subjects of your choice might not help you in your career in the future; you might be advised to take other courses.
- (d) You may not meet the entry requirements of that particular subject.

If you have chosen a set of subjects which are too 'narrow' in scope e.g. if you have chosen three Humanities based subjects, you may be advised to change your choice.

What do you mean by a subject being 'full'?

The school tries to keep the numbers in a GCSE class down to a maximum of 29 to allow pupils to receive sufficient individual attention. Practical subjects may have fewer than this. In the event of any subject being oversubscribed, some pupils will be asked to choose an alternative.

The following criteria will be applied:

- Attendance in school.
- Attainment and effort in the subject, assuming it has been studied in Year 9.
- Level of effort displayed in the core subjects.
- Level of effort displayed in other subjects.
- The overall balance of potential options chosen.

Timetable

What will your Timetable be like in Years 10 and 11?

You will find that there are some subjects which are compulsory in Years 10 and 11.

The subjects which you must all study are:

GCSE English Language and Literature (Double Award)
GCSE Mathematics and Numeracy (Double Award)
GCSE Science (Double Award)
Skills Challenge Certificate
Religious Studies (Equality and Diversity)
Core Cymraeg

The following non examination subjects are also followed:

Personal and Social Education (P.S.E.)
Physical Education (P.E.)

These compulsory subjects make up the core curriculum.

In addition to this core of subjects, you will also have to choose three other subjects called **optional** subjects.

Choices

Making your Choices

Read this booklet carefully and talk to your parents about your subjects before you indicate your choices.

When you fill in your form remember:-

1. You must choose **three** subjects from the option columns. See examples below.
2. You may not take any subject more than once.
3. You will consider 3 of the following subjects, one being from each fixed column

Agored Cymru
 Art and Design
 Dance
 Digital Technology
 Drama
 Extended Certificate in IT
 Food & Nutrition
 Geography
 History
 Media Studies
 Music
 Physical Education
 Prince's Trust with the XI Programme
 Religious Studies
 Spanish
 Triple Science

You must choose three 1st choice subjects from the option columns and one reserve choice.

Please see the example below

Option Choice 1	1st	R	Option Choice 2	1st	R	Option Choice 3	1st	R
Art	Y		Geography	Y		Drama		Y
History		Y	Dance		Y	Spanish	Y	

Next

What should I do next?

- Find out what each subject involves. Read this booklet carefully.
- Ask your subject teachers for advice.
- Seek advice from parents /elder siblings / friends.
- Attend / the Options Information Evening on Wednesday 4th February.
- Complete and return the signed options form to your tutor by no later than Friday 13th February.

**PLEASE ENSURE THAT YOU KEEP TO THIS DEADLINE. WE CANNOT GUARANTEE TO
ALLOCATE PREFERRED OPTION SUBJECTS TO
PUPILS WHO SUBMIT FORMS LATE WITHOUT GOOD REASONS.**

Examinations

During Years 10 and 11, pupils will be taking external examinations. Most of the external examinations taken by pupils are set by the Welsh Joint Education Committee - WJEC for short. Every year all Examination Boards, including the WJEC, publish syllabuses. The syllabuses describe the things you must study in order to sit any examinations. At the beginning of Year 10, your teachers will tell you what you have to study in your chosen subjects.

There are several types of examinations. Some are described here for you.

The General Certificate of Education (GCSE)

The GCSE is a single system of examinations with a single scale of grades. In order to take account of differing abilities, not all pupils will complete the same class work and examination questions. For many subjects, in the final examination, there will be a choice of papers or questions to suit pupils' abilities.

GCSE examinations will, therefore, give pupils the best chance to show what they can do, rather than what they cannot do. Each grade will be the result of a pupil's positive achievement.

Teachers will guide pupils on which papers and questions to attempt and will make sure that pupils have undertaken appropriate work during the course. Most of the written papers are taken in May/June of Year 11 although other parts of the examination, such as orals, practical sessions and assessment unit examinations, take place much earlier.

Level 1 and Level 2 Qualifications

These are qualifications that have GCSE equivalence.

The Level 1 qualification is between a D-G grade, and the Level 2 is between A*- C grade.

For more information on GCSE grading please see the school website by following the link

[GCSE Grading Explained—2025-26](#)

Vocational Education

Wrexham Network 14 -19 Opportunities

As well as the courses we provide as a school, there are several opportunities available in association with the Wrexham 14-19 network (other schools and colleges). These courses will be held on Tuesday and Wednesday afternoons at different locations in Wrexham. Further information will be available as the options process proceeds, and staff will guide and advise all pupils.

Things to note when studying 14-19 college courses:

The 14-19 courses will run at the same time as some of the school's options, so pupils wishing to be considered for college will be opting for one of the college courses rather than studying one of the 'in-house' option choices.

All courses require an official interview process, conducted by the institute that is responsible for delivering the course.

All courses are for two years and pupils opting for them must be completely committed for the whole period.

College times do differ. The sessions will typically run from 1.30-4.30pm.

Transport to the location of the courses will be provided, pupils will have to make their own arrangements for their journey home.

Regrettably, costs for work boots, overalls, salon kits etc. must be met by the pupils.

Pupils may choose only one of the courses. To find out more information about any of the courses please enter this link and click on to the appropriate course: [14-19 Network - Coleg Cambria](#)

Careers

Careers Education and Guidance

Making the right choices about careers is so important, and pupils in Year 10 and Year 11 receive a wide range of support in terms of careers education and guidance. The following areas will be covered:

Self Awareness

Pupils will explore their values, beliefs and attitudes to learning, finance, leisure and lifestyle in relation to their career ideas.

Career Opportunities

As well as being aware of themselves and their career ideas it is essential that pupils are able to look at different types of local and national business organisations, employment opportunities, enterprise and self employment in relation to career ideas.

Career Planning

We have a comprehensive Resource Centre with a wide range of up to date careers information. Pupils are encouraged to make an appointment with Mandy Williams, the school's Careers Adviser.

Careers and the Wider Community

The school has strong links with employers and the local colleges, and visiting speakers regularly keep pupils up to date with the world of work. Pupils are also encouraged to visit colleges and employers.

Mr S Mannion, Assistant Headteacher and Mrs M Williams the school's Careers Adviser will be happy to discuss issues related to the careers education and guidance with parents, should they need more information.

Key Staff

Head of Year 9: Mr C. Hughes

Headteacher: Mrs A. Slinn

Deputy Headteacher: Teaching & Learning: Miss A. Kipping

Deputy Headteacher: Pastoral: Mrs J. Ebrey

Senior Assistant Headteacher: Curriculum & Assessment: Mr R. Ransome

Assistant Headteacher: English & Literacy: Mrs Z. Cooper

Assistant Headteacher: Mathematics & Numeracy: Mrs K. Cottrell

Assistant Headteacher: Science & Technology: Mr S. Mannion

Assistant Headteacher: ALNCO: Mrs J. Morgan

2nd in Humanities: Mrs S. Gambino

Head of Expressive Arts: Mrs A. Noon

Head of Language: Mrs V. Byrne

Head of Health & Well-Being: Mr A. Jones

The Compulsory Core Subjects

- **English Language & Literature (Double Award) (2 GCSE's)**
- **Mathematics & Numeracy (Double Award) (2 GCSE's)**
- **Science (Double Award) (2 GCSE's)**
- **Religious studies / Equality and Diversity (2 GCSE's Equivalent)**
- **Core Cymraeg / Welsh (1 GCSE)**
- **Skills Challenge Certificate (1 GCSE)**
 - = 10 GCSE passes
- **Physical Education**
- **Personal Social Education**

The Options*

Art and Design	History	College:
Agored Cymru	Media Studies	Engineering Level 2
Dance	Music	Construction Level 2
Digital Technology	Physical Education	Hair and Beauty Level 2
Drama	Prince's Trust	Public Services Level 2
Extended Certificate in IT	Religious Studies	Computer Science Level 2
Food & Nutrition	Spanish	Health & Social Care Level 2
Geography	Triple Science	Business Level 2

*Please be aware that option choices can vary slightly between academic years.

GCSE English Language and Literature (Double Award)

Pupils will complete this GCSE across Y10 and Y11

Exam board: WJEC
Specification Code: 3750QD

COURSE CONTENT AND ASSESSMENT

All pupils study this subject.

All pupils will study English as part of the compulsory 'core' of subjects in Years 10 and 11. The KS4 English lessons are a natural continuation of what you have done so far in school: reading a range of texts, writing in a range of styles and for different purposes, and developing your speaking and listening skills.

This is a unitised qualification. Candidates are entered for each unit separately. The GCSE Double Award qualifications are reported on an eight point scale from A*A* to GG, where A*A* is the highest grade. Attainment that is insufficient to lead to an award of a certificate at GCSE is reported as 'Unclassified' or 'U'.

Unit 1: Context and Meaning

Written Examination: Duration 1 hour 30 minutes

15% of the double award

Section A: questions requiring short, objective and restricted responses and one analytical comparative essay based on one poem from the WJEC Anthology and one unseen poem.

Section B: extended response question (one from a choice of two)-creative literary or non-fiction writing.

Unit 2: Belonging

Non-examination assessment: Duration 7 hours

10% of the double award

This assessment will comprise two tasks:

Task A is a written essay based on the study of a prose text, exploring the theme of 'belonging'.

Task B is an individually researched oral presentation linked to your understanding of 'belonging' which should be linked to an issue, relationship or theme from the studied prose text.

Unit 3: Power and Influence

Non-examination assessment: Duration 5 hours and 55 minutes

GCSE English Language and Literature (Double Award) - continued

Pupils will complete this GCSE across Y10 and Y11

Exam board: WJEC

Specification Code: 3750QD

Task A: questions requiring objective, short and restrictive responses and one analytical essay based on the text selected for study.

Task B: extended response question (one from a choice of two), creative literary writing.

Unit 5: Continuity and Change

Written Examination: Duration 1 hour 30 minutes

20% of the qualification

Task A is an extended response based on the study of a whole play by Shakespeare.

Task B is a paired discussion based on the study of one 1600-1900 poem from the WJEC Anthology and an additional poem prescribed by WJEC.

Unit 6: Connections

Written examination: Duration 1 hour 30 minutes

25% of the qualification

Section A: a mix of questions requiring objective, short and restrictive responses and longer, analytical, comparative and evaluative responses exploring connections between the WJEC non-fiction anthology text (s) and one unseen text.

Section B: extended response question (choice of one from two), non-fiction writing.

CAREER INFORMATION

English GCSE is a MUST with most employers. Learning to express yourself clearly, and to understand how language works is a vital life skill. This subject is common requirement for most higher education courses. Possible careers linked with English include:

Proof-reader Journalist Public relations executive Copywriter Editor Advertising executive

Marketing executive SEO specialist School teacher Librarian EAL teacher Policy analyst Interpreter

Translator Author Web content specialist Freelance writer Content creator Social media manager

Ghost writer Medical scribe Television writer Radio writer Blogger

GCSE Core Cymraeg/Welsh

Pupils will complete this GCSE in Years 10/11
 All external exams are sat in summer of Year 11
 Exam board: WJEC
 Specification Code : 3040CS

COURSE CONTENT AND ASSESSMENT

All pupils study this subject, except pupils who are disapplied.

All pupils will study Welsh as part of the compulsory 'core' of subjects in Years 10 and 11.

The qualification is made up of four units: Units 1 and 2 are non-examination speaking and listening assessments, Units 3 and 4 are reading and writing examinations. The course is taught over two years within 120 guided learning hours.

The context for learning the language is organised under three broad themes:-

- Cynefin
- Identity
- Culture

When studying this qualification, candidates will be required to cover the following areas:-

- Listening: understand and respond to different types of spoken language.
- Speaking: communicate and interact effectively in speech.
- Reading: understand and respond to different types of written language.
- Writing: communicate in writing.

Unit 1: Oracy response to visual material

25% of qualification

A task for a pair/group of three based on a clip provided by the exam board. The assessment will consist of two parts which are to be carried out in the following order:

- watch a visual clip and complete a sheet
- discussion between the pair/group about the clip.

Unit 2: Communicate with others

25% of qualification

A task for a pair/group of three based on stimuli provided by the exam board to stimulate discussion.

Unit 3: Preparing for the future

25% of qualification

Written examination: 1 hour 30 minutes

Reading and writing tasks with non-verbal and written responses, including one translation task from English to Welsh and a proofreading task.

Unit 4: Literature and Creative

25% of qualification

Written examination: 1 hour 30 minutes

Unit descriptions will be released during years 10 and 11.

Useful Revision Sites:

[Resource WJEC Educational Resources Website](http://www.wjec.ac.uk)

CAREER INFORMATION

Bilingualism is certainly advantageous in the world of work. Wales' Health Service, Education, Civil Service....to name a few, state that a knowledge of Welsh is desirable and sometimes essential.

Lefel 2 Cymraeg Craidd / Additional Core Cymraeg

Pupils will complete this GCSE in Years 10/11
All external exams are sat in summer of Year 11

Exam board: WJEC
Specification Code : 5042QA

COURSE CONTENT AND ASSESSMENT

This is an additional Welsh qualification for more able pupils

Pupils can study Cymraeg Craidd Ychwanegol as an additional subject alongside their regular Welsh GCSE.

The qualification is made up of two units:

The context for learning the language is organised under three broad themes:-

- Cynefin
- Identity
- Culture

The purpose of this qualification is to enable pupils to develop their writing and independent reading skills in Cymraeg, think creatively and show imagination when applying their skills and understand a variety of written and spoken Welsh.

Unit 1: Speaking and Listening—Communication and Interaction

Examination via video conferencing—50% of the qualification.

There will be assessment opportunities for this qualification in January and June of year 11.

- **Section A**—6-8 minute discussion for pairs; 8-10 minute discussion for a group of three (10 minutes to prepare) based on a stimulus provided by the WJEC.
- **Section B**—Individual 4-5 minute discussion with the examiner on a topic of personal interest.

This unit will be graded Pass, Merit or Distinction

- **Unit 2: Reading and Writing—Cymraeg a Fi (Welsh and Me)**

Non-examination assessment, 50% of the qualification.

There will be an assessment opportunity for this in June. This individual research will assess learners on a topic of personal interest which is linked to the title Cymraeg a Fi.

- Task 1—Critical response to research and analyse.
- Task 2—Creative and imaginative response.

The assessment will involve two tasks with a low level of control and the number of words must be between 800 and 1000 in total. The use of dictionaries, reference books, literary and visual texts and any other relevant media is permitted. The unit will be marked by the pupils' teachers and moderated by the WJEC.

The unit will be graded Pass, Merit or Distinction.

Useful Revision Sites:

[Resource WJEC Educational Resources Website](http://www.wjec.ac.uk)

CAREER INFORMATION

Bilingualism is certainly advantageous in the world of work. Wales' Health Service, Education, Civil Service....to name a few, state that a knowledge of Welsh is desirable and sometimes essential.

GCSE Spanish

Pupils will complete this GCSE in Years 10/11
 Units 1 & 2 NEA's are completed in the spring of Year 11
 Units 3 & 4 are examinations in the summer of Year 11.

Exam board: WJEC
 Specification Code : 3840QS

COURSE CONTENT AND ASSESSMENT

This course aims to enable you to understand and use the Spanish language effectively through:

- **LISTENING**
- **SPEAKING**
- **READING**
- **WRITING**

Pupils will complete two Non-Examination Assessments and two Examinations, as follows. All Examinations and NEA's will be UNTIERED, i.e. There will be no Foundation/Higher choices.

Unit 1: ORACY NEA —30% of final grade

Three tasks:

- Reading aloud & role play
- 1 minute presentation & follow-up discussion
- Conversation

Unit 2: Reading and Writing NEA—15% of final grade

Students will study a short story or film from the Spanish-speaking world and answer straightforward questions about the plot, themes and characters.

Unit 3: LISTENING EXAMINATION—20% of final grade

Listening tasks with non-verbal and written responses, including one translation task from Spanish into English. Listening comprehension tasks with non-verbal and written responses.

Unit 4: READING AND WRITING EXAMINATION—35% of final grade

A variety of reading comprehension tasks, including a translation task from Spanish into English. A choice of writing tasks in response to simple and familiar stimuli.

Learners will not be permitted to use dictionaries in any assessments.

(The topics covered at GCSE)

Theme 1

Identity & Culture

Youth Culture

Lifestyle

Customs and Traditions

Theme 2

Wales and the World

Home and Locality

The Wider World

Global Sustainability

Theme 3

Current & future study and employment

Current Study

Employability & future plans

CAREER INFORMATION

Very important for many businesses and industries; locally, nationally and internationally, especially in the post BREXIT economy.

A high percentage of language graduates are in employment. Language graduates earn on average, 30% more than other graduates.

WJEC GCSE Mathematics and Numeracy (Double Award)

Pupils will complete unit qualifications during year 10 and year 11.

Exam board: WJEC
Specification Code: 3320QD

COURSE CONTENT & ASSESSMENT

Maths is part of the compulsory 'core' of subjects that pupils will take in Years 10 and 11. Learners will continue to learn and extend their knowledge of number, algebra, shape and space and data handling. They will need their own scientific calculator for this qualification. We recommend the Casio Classwizz.

This is a double award qualification, meaning that pupils will achieve two grades, both grades will be the same, e.g. BB. This is a unitised qualification meaning learners do not need to sit all examinations at the end of year 11.

There are two tiers of entry for this qualification: Higher Tier: A* A* to DD, Foundation Tier: CC to GG. Pupils may be entered at different tiers across units.

There are two assessment windows that pupils can sit examinations, November and May/June. Internal assessment data will be used to ensure pupils are entered for the tier that is most suited to their ability and provides them with the best opportunity to succeed and achieve their potential.

Some pupils will also be offered the opportunity to develop their skills by following a GCSE Additional Mathematics qualification, which will further stretch their mathematical skills, knowledge and understanding and provides an excellent foundation for post 16 study.

EXAM FORMAT

Unit 1—Financial Mathematics and other Applications of Numeracy	Unit 2—Non calculator	Unit 3—Calculator
<p>Written examination Higher Tier: 1 hour 45 minutes Foundation Tier: 1 hour 30 minutes 30% of qualification</p>	<p>Written examination Higher Tier: 1 hour 45 minutes Foundation Tier: 1 hour 30 minutes 30% of qualification</p>	<p>Written examination Higher Tier: 2 hours Foundation Tier: 1 hour 45 minutes 40% of qualification</p>

REVISION

The best way to revise maths is to do maths. Continued practice of topics is seen as the most effective revision technique for mathematics. Where possible pupils should use solutions and mark schemes to support them with revision. Pupils have an individual login for the MathsWatch VLE. This online platform contains videos, practice questions, interactive questions and worksheets covering the full GCSE course. It works on mobile phones, tablets and desktops and can be accessed 24/7.

CAREER INFORMATION

Most employers look for at least a C grade in Mathematics because it demonstrates the ability to learn difficult concepts, and persevere to solve problems, which are highly relevant qualities to a wide range of careers. A 'B' is a common requirement for most higher education courses in the mathematics and science field.

GCSE Science (Double Award and Triple Science)

Pupils will complete this GCSE in Years 10/11
 External exams are sat in the summer of Year 10
 and Year 11

Exam board: WJEC
 Specification Code: Double Award 3430QD
 Specification Code: Triple Award
 Biology 3400QS Chemistry 3410QS Physics 3420QS

Science Double Award is a core subject that provides a broad and balanced understanding of Biology, Chemistry and Physics. Building on the foundations laid in Year 7, 8 and 9, you will explore key scientific principles in greater depth and develop practical skills through experiments and investigations. This course encourages problem-solving, critical thinking and application of science to real-world contexts, preparing you for further study and a wide range of careers.

Triple Science, pupils will take separate WJEC GCSEs in Biology, Chemistry and Physics. This gives pupils 3 GCSE qualifications and allows them to develop a deeper understanding of the three Sciences by building on the content of the Science double award, introducing exciting applications and extending the contexts that pupils can apply their understanding to.

Triple Science is the best course to prepare for A-levels in Science subjects. It also provides an excellent foundation for those wanting to study pure Sciences or Science based courses such as Medicine, Dentistry, Nursing, Veterinary Science and Engineering at university. **This course is by invitation only.** If you are interested in this course, please see Mr Mannion, AHT of Science and Technology Faculty.

Triple Award Science: Pupils will gain 3 GCSE's, Biology, Chemistry and Physics.

Double Award Science: Pupils will in effect gain 2 GCSE's in Science. Double grades will be based on a 15 grade scale, from A*A* to GG.

Controlled Assessment: One practical assessment per GCSE will be set in January of Year 11. These will be completed in school but marked externally and are worth 10% of the total mark.

Examinations will be available in the Summer of Year 10 and Summer of Year 11. There are no January examinations or re-sits available.

Triple Award examinations will be 1 hour and 45 minutes in length. Each pupil will sit six examinations, three in Year 10 and three in Year 11, i.e. one each of Biology, Chemistry and Physics in each year.

Double Award examinations will be 1 hour and 15 minutes in length. Each pupil will sit six examinations, three in Year 10 and three in Year 11, i.e. one each of Biology, Chemistry and Physics in each year

The recommended Revision Guide is the Hodder Revision Guide. These are available from the Science Faculty at a discounted price. Free School Meal pupils can borrow this book from the library on long term loan.

GCSE Digital Technology

Pupils will complete this GCSE in Years 10/11
 All external exams are sat in summer of Year 11
 Exam board: WJEC
 Specification Code: 3540QS

COURSE CONTENT AND ASSESSMENT

The WJEC GCSE qualification in Digital Technology offers a unique opportunity for pupils to build on the digital skills, knowledge, and understanding they use both in school and in everyday life. This course enables pupils to explore the wide range of digital technology systems that shape our connected and globalized society, while gaining insight into their ever-evolving nature. Pupils will discover how these systems can be used productively, creatively, and safely, and will develop confidence as independent users of existing, new, and emerging technologies. They will learn to analyse data, identify trends, and create authentic digital products for real-world purposes, while mastering transferable skills across hardware and software. By understanding the systems development life cycle, pupils will see how ideas become innovative solutions—empowering them to thrive in a digital future.

The specification for GCSE Digital Technology is arranged into 3 units:

Unit 1: The Digital World - On-screen examination: 90 minutes. 40% of qualification. Out of 80 marks.

- Data & Technology: Understand analogue vs. digital data, storage, security, and how digital systems work.
- Impact & Communication: Examine how digital communication affects people and organizations, and the evolution of technology.
- Ethics & Law: Explore ethical and legal issues in data protection and safeguarding.

Unit 2: Digital Practices - Non-exam assessment: 20 hours. 40% of qualification. Out of 80 marks.

- Use and organise data purposefully
- Plan and develop data-informed digital products for a specific audience and purpose
- Test and evaluate the success of digital products.

Unit 3: Communicating in the Digital World - Non-exam assessment: 10 hours. 20% of qualification. Out of 60 marks.

- Explore social media platforms
- Create and manipulate digital media assets for use in a digital marketing campaign video
- Plan and create a digital marketing campaign video.

Useful Revision Sites:

Unit 1 Notes, Knowledge Organisers; Blended Learning Tasks and Video Resources:

<https://resources.wjec.co.uk/Pages/ResourceByArgs.aspx?subId=97&lvlId=2>

Practice Exam Questions – Uploaded to Google Classroom

CAREER INFORMATION

There are many careers related to Digital Technology.

1. Web designer/developer
2. App/Software developer
3. Computer games developer/tester
4. Vlogger/social media manager

[Computing technology and digital | Explore careers \(nationalcareers.service.gov.uk\)](https://nationalcareers.service.gov.uk/computing-technology-and-digital)

Level 2 Extended Certificate

Pupils will complete this Qualification in Years
10/11

Exam board: TLM
Specification Code: 501/0435/4

COURSE CONTENT AND ASSESSMENT

The Level 2 IT qualifications are designed for a wide range of abilities and people who require IT skills and competence. The qualification will allow pupils to develop the skills needed for employment such as creativity, problem-solving, working collaboratively, critical evaluation, feedback and working safely and securely when using IT. Pupils will gain practical experience and develop competence with contemporary technologies including programming where appropriate. Pupils will develop an understanding of the social and commercial impact of IT and the legal, social, economic, ethical and environmental issues it raises.

The specification requires pupils to complete 25 credits. There is no exam.

Mandatory Unit 1 - Improving Productivity Using IT (4 credits).

Optional - Centres can choose a range of set optional units for their cohort or can work on a wider set of options so that learners can specialise in something that interests them.

GCSE Geography

Pupils will complete this GCSE in Years 10/11
All external exams are sat in summer of Year 11

Exam board: WJEC
Specification Code: 3140QS

Course Content and Assessment

GCSE Geography supports learners to:

- become independent, balanced and sympathetic geographers with a detailed understanding of spatial relationships and the changing world.
- appreciate the complex, pluralistic and diverse nature of societies and their interactions with diverse and dynamic physical landscapes.
- demonstrate a geographical viewpoint on values, attitudes and perspectives surrounding the interrelationships between people and their environment.
- apply geographical understanding and practice to a range of contexts and enquiries.
- foster a curiosity to explore geographical causes, effects and consequences.
- make sense of the world to work towards a sustainable future.

Unit 1: Our Physical and Human Word

Written Examination: 1 hour and 30 minutes.

30% of qualification

90 marks

Unit 2: Developing Fieldwork Skills

Non-examination assessment: 7 hours (not including the time it takes to undertake the fieldwork)

25% of qualification

90 marks

Unit 3: Our Dynamic and Diverse World

Written Examination: 1 hour and 30 minutes

30% of qualification

90 marks

Unit 4: Sustainable Solutions

Non-examination assessment: 6 hours (3 hours for research and 3 hours to respond to tasks)

15% of qualification

60 marks

CAREER INFORMATION

Geography is a good all round subject that encompasses many skills employers and further education qualifications look for. You must have good numeracy skills. Both of the exams require DATA response questions and extended writing.

GCSE History

Pupils will complete this GCSE in Years 10/11
All external exams are sat in summer of Year 10 and Year 11

Exam board: WJEC
Specification Code: 3130QS

COURSE CONTENT AND ASSESSMENT

Unit 1: An in-depth study on Welsh history (30% of GCSE)

Pupils will study a period of history from either medieval, early modern or modern. There will be a one hour written examination following on from this unit.

Unit 2: An in-depth study on European and/or World history (20% of GCSE)

This unit will be completed onscreen and is a non-examination assessment. Pupils will study one of six historical topics on Europe and/or World history. Learners will undertake a historical enquiry providing a focused response on a specific issue.

Unit 3: A study of a period in World history (30% of GCSE)

Learners will study from one of the following three historical periods, medieval, early modern or modern. Topics will undertake a breadth study of an extended historical period. There will be a one hour written examination following on from this unit.

Unit 4: A changing society (20% of GCSE)

Learners will undertake a study of themed events within a continuous period of c.75-c. 100 years of history. The events studied must be from the islands of Great Britain and/or Ireland. For this assignment, learners will undertake a historical enquiry, providing an understanding of change across the period. This is non-examination assessment

CAREER INFORMATION

History is a highly regarded qualification which is held in great esteem by both employers and educational institutions. Previous GCSE History pupils have gone to work in the following areas:

- Journalism
- Public Services
- Administration
- Nursing
- Community work
- Education
- Retail
- Research
- Armed Forces
- Law

GCSE Religious Studies

Pupils will complete this GCSE in Years 10/11

Unit 1 is examined at the end of Year 10

Unit 2 is examined at the end of Year 11

Exam board: WJEC

Specification Code: 3120UA0-1

E & D with Geography—Charity worker, Aid agencies, Travel and tourism

E & D with other subjects—Teaching, Politics, Social work, Advertising

Skills Challenge Certificate

Pupils will complete this GCSE in Years 10/11
There are no external exams for this qualification.

Exam board: WJEC
Specification Code: 90S9Q0

COURSE CONTENT & ASSESSMENT

The Skills Challenge Certificate is compulsory at KS4. The central focus of the qualification is to provide the opportunity for students to develop essential and employability skills valued by post-16 educators and potential employers.

These skills include:

- Literacy
- Numeracy
- Digital Literacy
- Critical Thinking & Problem Solving
- Planning & Organisation
- Creativity & Innovation
- Personal Effectiveness

The Skills Challenge Certificate is a non-examined course and all work is marked internally.

Completed units are sent for moderation over the 2 years of study so it is crucial that pupils stick to the deadlines given.

The Skills Challenge Certificate is an important part of the overarching qualification called the Welsh Baccalaureate. The Welsh Baccalaureate consists of the Skills Challenge Certificate and supporting qualifications that must be met in order to achieve the overarching qualification.

The Skills Challenge Certificate consists of three components which are followed by all learners:

1. Individual Project—50%
2. Enterprise and Employability Challenge—25%
3. Global Citizenship Challenge—25%

The Skills Challenge Certificate is awarded at two levels – National and Foundation. To meet the National requirements all five of the Supporting Qualifications must be achieved at grades A*-C. Similarly, for the Foundation certificate, the Supporting Qualifications must be achieved at grades A*-G.

Useful Support:

Supportive resources can be found on Google Classroom.

GCSE Art & Design

Pupils will complete this GCSE in Years 10/11
There are no external exams for this qualification.

Exam board: WJEC
Specification Code: 3610QS to 3616QS

COURSE CONTENT & ASSESSMENT

An exciting, mainly practical course, with lots of new techniques and materials to explore.

- **STUDY FROM OBSERVATION**

Drawing and painting in a variety of techniques and media

- **GRAPHICS**

Designing logos, posters, leaflets, packaging, web pages etc.

- **ILLUSTRATION**

Descriptive drawing and painting, including book illustration

- **COMPUTER ART**

SCULPTURE - 3D sculptures, reliefs etc.

- **THEMATIC WORK** - using a theme as a starting point. Your work can then be completed in fine art, graphics or sculpture

- **MIXED MEDIA** - using a wide range of materials

- **PHOTOGRAPHY** - digital photography, including editing/manipulation

- **JEWELLERY DESIGN AND FASHION**

The course consists of:

- 60% Portfolio (coursework) 120 marks
- 40% Externally set assignment (exam) 80 marks

Pupils will need to produce a portfolio of work which will form the coursework element of the course and this makes up 60% of your final mark. The external Controlled Assessment (examination) begins in the January of Year 11 and forms 40% of your final mark. For the External Controlled Assessment pupils will spend a minimum of six weeks preparing and developing a body of work which culminates in a ten-hour exam to produce a final piece. All work is marked internally and then moderated externally by the examination board (WJEC).

There are four assessment objectives that form the marking framework.

- Critical understanding
- Creative making
- Reflective recording
- Personal presentation.

Techniques, which can be covered, will consist of drawing, painting, 3D sculptures, graphics, photography and mixed media.

Useful Support:

Art Club after school every Tuesday

GCSE Dance

Pupils will complete this GCSE in Years 10/11
All external exams are sat in summer of Year 11

Exam board: WJEC
Specification Code: 3640QS

COURSE CONTENT & ASSESSMENT

WHAT WILL I STUDY? The GCSE Dance qualification will allow you to explore and respond to stimuli, create, and reflect on your own work, develop your own creativity and engage with many different styles of dance. You will observe and interpret professional dance works and build on your understanding and application of technical and expressive skills in performance.

Unit 1 – Choreography Practical non-exam assessment 40% of qualification: 96 marks.

One choreographed piece in response to a chosen stimulus, from a given selection. You will create either a solo dance or dance for a group of two to five dancers.

Unit 2 – Performance Practical non-exam assessment 30% of qualification: 72 marks.

You will perform two pieces of repertoire from different styles/genres of your choice. One performance must be a solo, the second performance can be a solo or a group performance of between two and five dancers.

Unit 3 – Dance Appreciation Assessment Type: Digital exam (1 hour 45 mins) 30% of qualification: 72 marks.

The exam is broken into four sections and will ask questions on: A) the compulsory set dance work B) the longer set dance work (from a choice) C) the shorter set dance work (from a choice) D) an excerpt of a professional dance work

WHAT SKILLS WILL I DEVELOP? Exploratory Skills: you will have the opportunity to explore, experience and interpret many different styles and genres of dance linked to different cultures in Wales and the world. You will be able to build on these ideas and experiences to create and develop your own technical, creative and choreographic skills and to underpin your own expressive skills in performance.

Creative Skills: in Unit 1, you will choreograph your own original dance work in response to a stimulus and in a style/genre of your choice. Evaluation Skills: you will be able to recount, evaluate and refine your choreographic and performance work through self-reflection and feedback from others. You will also be able to evaluate and analyse the work of others to inform your own creativity and appreciation of dance.

Practical Dance Skills: in Unit 2 you will develop your dance skills such as technical and expressive skills, through rehearsal and final performances of two pieces of repertoire. Analytical Skills: you will enjoy watching and interpreting professional dance works gaining an understanding of the artistic, cultural, emotional, and technical elements

Career Information

Professional Dancer, Choreographer, Dance Captain, Rehearsal Director, Dance Teacher, Dance Lecturer, Workshop Leader, Dance Movement Therapist, Sports Therapist, Dance Fitness Instructor, Yoga Instructor, Stage Manager, Physiotherapist, Dance Critic, Dance Journalist, Content Creator, Video Editor, Producer, Learning and Participation Lead.

GCSE Drama

Pupils will complete this GCSE in Years 10/11
All external exams are sat in summer of Year 11

Exam board: WJEC
Specification Code: 3620QS

COURSE CONTENT AND ASSESSMENT

The WJEC GCSE in Drama is an exciting, inspiring and practical course. The specification promotes involvement in and enjoyment of drama, as performers and/or designers. Additionally it provides opportunities to attend live theatre performances and to develop skills as informed and critical audience members.

Unit 1: Devising Theatre

Internally assessed, externally moderated, practical exam.

40% of qualification (96 marks). Creation of a devised performance using a range of different stimulus material. Option to select a design role. Pupils will produce a reflective log of supporting evidence analysing and evaluating choices made in both the acting and design areas.

Unit 2: Performing

Externally assessed practical exam by a visiting examiner of one extract from an existing play script.

30% of qualification. (37 marks) . Option to select a design role. Design pupils must create a Viva and deliver to the visiting examiner justifying design choices.

Unit 3: Interpreting Theatre

Written examination: 2 hour on screen examination 30% of qualification. (72 marks.)

Section A: Set Text: Study of a play

A series of questions on **one** set text explored as an actor, designer and director.

Section B: Live Theatre Review

Questions based on an excerpt of a live theatre unseen performance from one of the genres; Musical Theatre, Naturalism, Theatre in Education, or Physical Theatre that you will watch live.

Creativity is seeing what everyone else has seen and thinking what no one else has thought.

Albert Einstein

CAREER INFORMATION

Actor/ Director, Playwright, Teacher, Arts Administrator, Barrister, Broadcast journalist, Cinematographer Set, Lighting, Sound, Costume designer, Editor, Arts administrator, Scenic make up artist, Casting director, Theatre agent, Dramaturg, Researcher, TV reporter/ media based professions

GCSE Media Studies

Pupils will complete this GCSE in Years 10/11
All external exams are sat in summer of Year 11

Exam board: WJEC
Specification Code: 3680QS

COURSE CONTENT AND ASSESSMENT

The media is not just for entertainment; it helps shape the society we live in. All social media posts, video games and film trailers communicate a message to audiences around the world. By studying GCSE Digital Media and Film, you will be given the tools to understand these messages and investigate how the media industry works. The course is designed to allow you to explore rich and engaging media texts as well as opportunities to develop creative and technical skills.

Unit 1: Exploring key concepts and issues.

On-screen examination: 1 hour 30 minutes 30% of qualification 60 marks

The paper will consist of questions requiring objective responses, short and extended answers, in response to set films, a studied video game and unseen media works.

Unit 2: Distribution and exhibition strategies of digital media and film industries in Wales.

Non-examination assessment: 18 hours 30% of qualification 72 marks

The assessment will be set by WJEC, assessed by the centre and moderated by WJEC. The assessment, which will include a brief and two tasks, will be available via the WJEC Portal, and will remain the same for the lifetime of the specification. Learners will investigate how a digital media and/or film production company based in Wales produces, distributes and exhibits their products. Learners will create one distribution strategy and one exhibition strategy for a new digital media product produced by a production company in Wales.

Unit 3: Creating digital media and film content.

Non-examination assessment: No time restriction 40% of qualification 96 marks

The assessment will require learners to respond to a stimulus set by WJEC. The assessment will be assessed by the centre and moderated by WJEC. Learners will choose one brief from a choice of three. The briefs will always be for a marketing campaign for a new:

- i) film
- ii) video game
- iii) series for a streaming site.

CAREER INFORMATION

Media based roles now exist within all companies

Digital marketing, location manager, media buyer, media planner, media researcher, public relations officer, game developer, runner, broadcasting, radio production, social media manager, film/TV/ video producer, web contact

GCSE Music

Pupils will complete this GCSE in Years 10/11
All appraisal exam is sat in the summer of Year 11

Exam board: WJEC
Specification Code: 3630QS

COURSE CONTENT & ASSESSMENT

You will learn to:

- **PERFORM** various styles of music using instrumental **or** vocal skills. You will undertake a number of performances during the course both as an ensemble (group) and as a soloist.
- **COMPOSE** two contrasting pieces of music and write a reflective log.
- **LISTEN** to different types of music from film and popular culture to the development of music from 1600 to the 21st century. The appraising component also includes analysing and evaluating music as set by the examination board.

SKILLS NEEDED

Music is an academic subject, which requires you to be committed and show independent learning skills and creativity. You don't have to be able to read music fluently before you start the course but you must be prepared to learn an instrument and read music properly through dedication and practice. Basic keyboard skills will help you with composing music of your own. During the course, you will be assessed on your solo and ensemble skills, and you will be encouraged to explore many different musical styles.

Commitment and resilience are two of the main skills you will need for this course. Developing these skills will greatly benefit you in whichever career path you choose.

Unit 1: Performing. Total duration of performances: 4-6 minutes, 32.5% of qualification - 78 marks

This will include at least **one** solo piece and at least **one** ensemble (group) piece. The other piece(s) may be any combination of either solo or ensemble pieces.

Unit 2: Composing. Total duration of compositions: 3-6 minutes, 32.5% of qualification - 78 marks

Two compositions, one of which must be in response to a brief set by WJEC. Pupils will choose one brief from a choice of four, each one linked to a different area of study. The second composition is a free composition for which pupils set their own brief. Pupils will also evaluate one of their pieces that they have composed.

Unit 3: Appraising. Written examination: 1.5 hours, 35% of qualification - 84 marks

This unit is assessed via a digital only listening examination.

Pupils will identify and describe, using musical vocabulary, how the elements of music are used in a variety of extracts of music. They will also identify and describe how musical devices are used in a variety of extracts showing an understanding of the conventions of genre, period, style and context as appropriate. Lastly, pupils will identify and describe how music technology has been used to create aural effects.

Full Qualification Outline: <https://www.wjec.co.uk/media/2wii1hqp/gcse-music-qualification-outline-e.pdf>

CAREER INFORMATION

Skills such as Individual learning, resilience, working with others, problem-solving and communication are highly valued by employers. Musicians use these skills all the time. The music business is also the fastest growing business and contributes £6.7 Billion* to the UK economy and employs 210000 people.

*Facts and figures from www.ukmusic.org

GCSE Agored Cymru

Pupils will complete this GCSE in Years 10/11
All external exams are sat in summer of Year

Exam board: Agored Cymru

Specification Code : COO/1198/2

Personal and Social Education

The Agored Cymru Personal and Social Education (PSE) qualifications meet the requirements of key policies and strategies for preparing pupils to be personally and socially effective through the exploration of attitudes and values and the acquisition of skills and knowledge.

Pupils undertaking these qualifications will benefit from developing a broad base of personal and social skills to empower them to take an active role in society and build their self-esteem and personal development skills.

QUALIFICATION

This qualification is a two year course equivalent to TWO Level 2 GCSE qualifications. This being the equivalent to 2 GCSE 'B' grades. There is no exam as the certificate is based on units of work acquired through unit accreditation. The qualification is split into 2 units.

Unit 1:

This unit involves topics that require 8 credits in total. The topics range from anger management strategies, social media, homelessness and housing and Wales the Country.

Unit 2:

This unit involves topics that requires 10 credits in total. These topics range from Environmental Awareness, Personal Skills Development, Crime Prevention and Keeping Safe and Personal Money Management.

Pupils work towards the Extended Certificate in Personal and Social Education, based on group involvement/participation and project work. Throughout the programme, pupils focus on a range of skills to develop qualifications that offer flexibility and choice to a variety of pathways and progression.

CAREER INFORMATION

Employers recognise the level 2 qualification which is equivalent to 2 GCSE's at B grade level.

Successful completion of the course proves to an employer that a pupil has had the determination to complete the required number of units, and has undergone a programme of preparation to meet this criteria.

GCSE Food and Nutrition

Pupils will complete this GCSE in Years 10/11

All external exams are sat in the summer of Year 11

Exam board: WJEC

Specification Code : 3580QS

COURSE CONTENT & ASSESSMENT

The WJEC GCSE in Food and Nutrition will equip you with the knowledge, understanding and skills required to cook and apply the principles of food science, nutrition and healthy eating. It encourages you to prepare cook and serve a range of dishes and will enable you to make informed decisions about food and nutrition. It will allow you to acquire the knowledge and understanding in order to be able to feed yourselves and others affordably and nutritiously, now and later in life.

Unit 1: Principles of Food and Nutrition - will be assessed via a written examination.

Summary of assessment

Practical non-examination assessment. Pupils must:

- Perform in one sport or physical activity from the approved list (please liaise with your PE teacher to establish which activity has been approved).
- Perform in a second sport or physical activity or provide coaching in a sport or physical activity from the approved list (please liaise with your PE teacher to establish which activity has been approved).
- Plan, implement and evaluate a personal training activity over 8-10 weeks for a sport or physical activity from the approved list (please liaise with your PE teacher to establish which activity has been approved).

EXAM FORMAT

40% Digital examination: 1 hour 30 minutes

CAREER INFORMATION

Choosing GCSE Physical Education can lead to a career in many different areas of employment:

Armed Forces

Physiotherapy

Fire Service

PE teacher

Policeman

Sports Scientist

Strength and Conditioning coach

Sports development

GCSE King's Trust

Pupils will complete this GCSE in Years 10/11

Exam board: King's Trust

Specification Code: 600/8035/8

This course is **only available for targeted pupils**. Individual pupils will be guided towards this course where appropriate.

This qualification is a two year course equivalent to TWO Level 2 GCSE qualifications. This being the equivalent to 2 GCSE's at B grade. There is no exam as the certificate is based on units of work acquired through unit accreditation.

The units in the course include personal/interpersonal team skills, enterprise and entrepreneurship, career planning, community project, healthy lifestyle, participation in sport and money management.

The qualification seeks to:

- Ensure pupils have every opportunity to gain formal recognition of their skills and achievements
- Develop a qualification that offers flexibility, choice and pathways to progression

Assignments are completed in class and marked internally. Pupils need to complete all specified units in order to pass the certificate.

QUALIFICATION

- The Certificate is a two year course equivalent to 2 Level 2 GCSE qualifications.
- Pupils work towards the King's Trust Cymru certificate, based on group involvement/participation and project work.
- The course ensures that pupils have the opportunity to gain formal recognition of their skills and achievements.
- Throughout the programme, pupils focus on a range of skills to develop qualifications that offer flexibility and choice to a variety of pathways and progression.

CAREER INFORMATION

The qualification is a recognised award for pupils to choose as an alternative to a GCSE subject.

Employers recognise the level 2 qualification which is equivalent to 2 GCSE's at B grade.

Successful completion of the course proves to an employer that a pupil has had the determination to complete the required number of units, and has undergone a programme of preparation to meet this criteria.

The King's Trust is recognised by Qualifications Wales.
